

MEMBER NOTICE – AUDITORIUM CLOSURE

Dear Members,

The Board and Management regret to advise that, effective immediately, the Club's Auditorium is closed to all functions, activities and regular use until further notice.

Following a professional assessment of the Auditorium roof, together with subsequent legal advice, the Board determined that continued use of the Auditorium is not appropriate at this time.

The Auditorium has experienced ongoing water ingress during periods of heavy rain and thunderstorms, including across the stage, dance floor and other areas. Despite previous repair works, the roof continues to experience multiple leaks, with full roof replacement identified as the appropriate long-term solution.

The water ingress presents potential safety risks, including damage to ceiling tiles and slip hazards within the Auditorium. Accordingly, the Board has made the decision to close the Auditorium in the interests of the safety of our members, guests, community groups and staff.

Looking Ahead

The future of the Auditorium and the required roof works will be considered as part of the Club's broader capital works and preliminary master planning process. No final decisions regarding these future works have yet been made.

We appreciate that the Auditorium has been an important part of the Club for many years and understand that its closure will impact a number of members and community groups.

We thank everyone affected for their understanding, patience and continued support of Penshurst RSL Club.

The Board and Management
Penshurst RSL Club
